

My visit to Gunnersbury Park and Museum

On Monday 8th April 2024, I am going to visit the Sci-Fi Exhibition at Gunnersbury Park Museum.

This is a picture of the museum, and it is where the front door is.

A staff member may say hello.

Some staff wear a band around their neck like this.

I can look at aliens,
costumes, props, and
set models.

They will be in glass
cases to protect them.

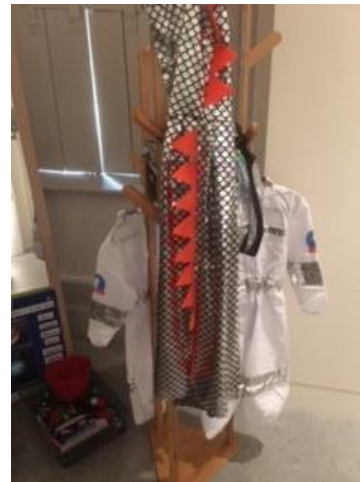

I can try out activities in the galleries.

I can lift the lid on the box and smell the scent of outer space.

If I want to, I can touch models.

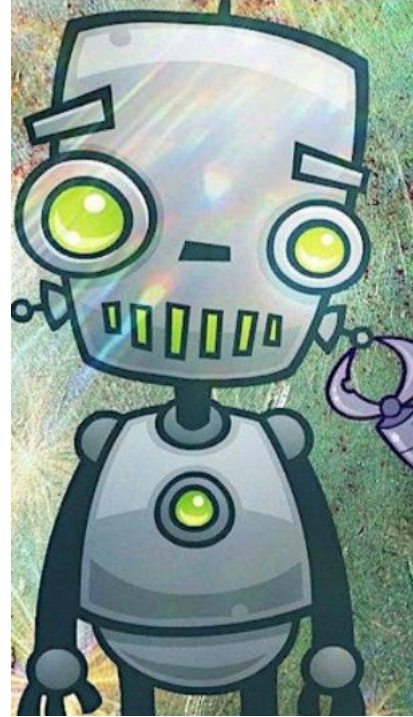

If I want to,
I can dress up as an alien.

I can eat snacks and have drinks in the Conservatory on the ground floor.

I can join a trail to find the missing Alien eggs.

I can be an object detective,
looking at interesting museum
objects and finding out what
they could be.

I can make something
to take home out of
junk.
