

Victorian Trail

IN THE BUTLER'S PANTRY (GROUND FLOOR BEYOND BOTH THE LIFT AND TOILETS)

Many wealthy Victorians had servants to work for them. The butler and the housekeeper locked valuable things away such as the sugar, cutlery and the plate for delivering letters.

What metal might the plate be made from?

What different types of lights did different Victorian people have?

.....

.....

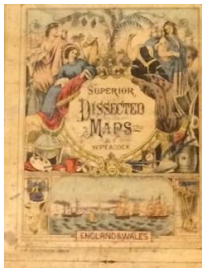

Find these three objects. Can you tell what they were used for?

The bowl (pestle and mortar) was for.....

The butter pats were for

The dustpan and brush was for

IN THE TOYS AND GAMES GALLERY (GROUND FLOOR BEYOND BOTH THE LIFT AND TOILETS)

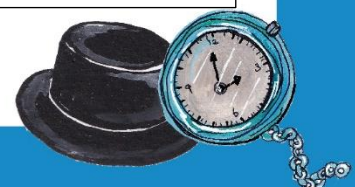

Lots of toys, games and sports that we know about today came from Victorian times. Find the jigsaw map puzzle.

What did it help children to learn about?

Find the toy soldiers and the boat. What was each one made from?

Soldiers made from Boat made from.....

Which toy in the case is your favourite? Draw it below.

Victorian Trail

IN THE SKYLIGHT GALLERY (GROUND FLOOR NEXT TO THE SHOP)

The Rothschild family lived here and were very wealthy. Some wealthy Victorians set up schools. Find this 1867 plaque. What is the name of the school that was set up by the Rothschild family?

Look in the case that has a Victorian doll's house, some Victorian pottery, a Victorian fireman's helmet and Queen Victoria's fan.

What was Queen Victoria's fan made from?

Did poor children have doll's houses like this?.....

Which is your favourite one of these objects and can you draw it below?

IN THE PEOPLE AND PLACE GALLERY (GROUND FLOOR OFF THE SKYLIGHT GALLERY)

Victorian people, like William Perkin, invented many things, such as this chemical dye in 1856 but what colour did it make this clothing?

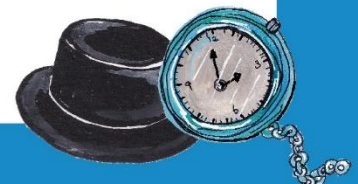

What colour was Queen Victoria often seen wearing and why?.....

This Victorian reformer helped patients feel better by giving them activities.

What was his name?

What is a reformer?
